Grading, Attendance and Satisfactory Academic Progress Policies

1. QUALITATIVE STANDARD

Students enrolled in any English Language programs must maintain a **cumulative grade of 80% and attendance of 90%** by completion.

2. ATTENDANCE PERCENTAGE CALCULATION

Attendance percentages are calculated based on course minutes. A course that is 1.5 hours Monday through Thursday has a total class time of 6 hours per week. If a student is late 15 minutes to one class, the student is marked present for 1.25 hours on that day. At the end of the week, the student attended 5.75 hours. 5.75 hours divided by the possible 6 hours gives the student an attendance percentage of 96%.

3. EVALUATION OF STUDENT PROGRESS

Counselling sessions are held every 4 weeks. During the counselling sessions students are given a progress report that will state the student's cumulative grade and attendance percentages. If the student is below the required minimum attendance and/or grade percentage, the student will be placed on probation until the student meets the minimum required standards. At the end of the term, if the student has not met the program requirements they will not receive a certificate of completion or advance to the next level and will need to repeat the course.

4. ATTENDANCE & ACADEMIC PROBATION

A student will be placed on **Attendance probation** if their cumulative attendance falls **below 90%**. The student will be placed on **Academic probation** if their cumulative grade falls **below 80%** for all Programs at the time they are given a progress report.

- ❖ A written warning letter will be issued to the student stating that their attendance/grade has fallen below the required minimum standards and needs to show improvement.
- ❖ The student is placed on a **two-week probationary period** and must show attendance improvement over the next two weeks.
- ❖ If the student shows continued improvement during the two-week probationary period and has raised their cumulative attendance/grade percentage above the required minimum standards then the student will be removed from probation. This does not mean that the student's attendance/grade can dip below the required minimum standards. If a student comes off of Probation and his/her attendance/grade drops below the minimum standards again they will be issued a **final warning letter** and will be at risk of being dropped from the program.
- ❖ If the cumulative attendance/grade percentage is still below the required minimum at the end of the two-week probationary period, but the student has shown improvement and is moving toward raising their attendance/grade percentage, they will remain on probation until they have raised their cumulative attendance/grade percentage above the required minimum standards. This is monitored every 2 weeks.
- ❖ If however the student's cumulative attendance/grade is still below minimum required standards **and has not** shown continued improvement, then the student will be issued a **final warning letter** stating that the student must show improvement over the next 2 weeks.
- ❖ If after the final 2 weeks the student's attendance has not shown improvement, the student will be removed from the program and no refund will be issued.

5. VACATIONS POLICY

Vacation accumulates on a 4:1 ratio. For every 4 weeks of consecutive study, the student will accumulate 1 week of vacation. The maximum length of accumulated vacations is 1 month. Therefore a student that has studied for 4 months or more may take up to 1 month vacation. Students must be in good standing to be eligible to take vacations.

6. LEAVE OF ABSENCE POLICY

California Language Academy does not permit leave of absences. If time off of greater than 4 weeks is required, the student will be withdrawn from the program and will need to re-enroll upon return. A student who is absent for eight consecutive class days without an approved vacation request will be terminated from the program.

All tuition discounts or special offers are dependent upon completion of the total contracted weeks of study. If the student has received federal student financial aid funds, the student is entitled to a refund of moneys not paid from federal student financial aid program funds.

If a student obtains a loan to pay for an educational program, the student will have the responsibility to repay the full amount of the loan plus interest, less the amount of any refund. If the student is eligible for a loan guaranteed by the federal or state government and the student defaults on the loan, both of the following may occur:

The federal or state government or a loan guarantee agency may take action against the student, including applying any income tax refund to which the person is entitled to reduce the balance owed on the loan.

The student may not be eligible for any other federal student financial aid at another institution or other government assistance until the loan is repaid.
